

Robin's Story

1984 was a pivotal year for me.

I was a 34 year old dyslexic, working in the Hospitality business. Then I went to the Listening Centre and my life changed. It was magic for me, and I was enabled to have dreams. Painting then became a reality and I've been an Artist ever since.

Robin Grindley

Robin's paintings can be seen in the pages of Listening Centre website and bring joy and colour to the rooms of The Listening Centre.
